BEAMeeting 2019 at C2N-CNRS Palaiseau/Paris Technical Workshop & Discussion

Date: Wednesday, May 22nd 13:00 to 17:00 and Thursday, May 23rd from 9.00 till 13:00

Location: C2N / CNRS – Centre de Nanosciences et de Nanotechnologies
Boulevard Thomas Gobert - 91120 Palaiseau / France (near Paris)

Contact person: Edmond Cambriil, Tel. +33 170 270 504
e-mail: edmond.cambriil@c2n.upsaclay.fr

Directions: <https://www.c2n.universite-paris-saclay.fr/en/laboratory/practical-information>

Dear Beamer and LAB community in France,

We have pleasure in announcing that CNRS at Palaiseau has offered us also for 2019 the possibility of having a BEAMeeting at C2N - CNRS Palaiseau, near Paris.

As you know our BEAMeetings are a technical exchange platform for BEAMER, TRACER, LAB and our new ProSEM software packages. **User presentations or discussions on applications, solutions for specific issues, needs or requirements from your side are most welcome.** We will summarize some presentation from the last BEAMeetings (SPIE in USA and Karlsruhe in Germany) and specific subjects of interest to our users in France. We will update on new features and enhancements and discuss wishes, needs and suggestions for future developments.

The BEAMmeeting is as always, free of charge, refreshments are included. For registration just send a short e-mail to Edmond Cambriil: edmond.cambriil@c2n.upsaclay.fr

We are looking forward to an interesting and valuable BEAMeeting with all of you.

The GenISys Team
